

SELF-DECLARATION

- The signatory declares that the company never has been involved in cases of corruption, participation in a criminal organization, fraud, anti-money laundering nor is it currently subject to legal proceedings regarding those crimes and/or offenses.
- The signatory declares that none of the people belonging to the governing bodies or management team of the company have been involved in cases of corruption, participation in a criminal organization, fraud, fight against money laundering, or are there currently pending judicial proceedings against such subjects.
- The signatory declares that there is no situation expected to generate a conflict of interest with the Action Group or any of its affiliates.
- The signatory declares that none of the people belonging to the governing bodies or management team of the company maintain family relationships with politically exposed individuals.
- The signatory declares that the company has sufficient financial resources to carry out the operation described above and is stable and solvent enough to comply with the obligations it entails.
- The signatory declares that the funds necessary for this operation have a legal origin, complying at all times with the regulations established on the prevention of money laundering and financing of terrorism.
- The signatory declares and warrants adherence by the company and its representatives to (i) Applicable Laws, ESG Standards, and other ethical and responsible standards of behavior and (ii) the principles contained in the policies of Action (made available to signatory), or equivalent standards.
- The signatory declares that both the documentation provided and the information included in this questionnaire are true and valid, committing to communicate any relevant change in the provided information promptly.
- The signatory declares that all above declarations will be affirmed by any third parties engaged to do works or perform services (i.e., subcontractors).
